BOOKING PROCEDURE

How to book your Entopia experience:

Step 1: Choose Your Experience – Nature Learning Programme or Regular Visit.

Step 2: Make Your Booking Request at least 2 weeks in advance by emailing to learning@entopia.com.

Step 3: Confirmation & Payment to secure your booking.

Step 4: Prepare For Your Visit by packing light. Rain gears will help you around Natureland if it rains.

Meal arrangement and learning-kits required? **We've got you covered!**

An e-copy of **Visit-Entopia-Handbook** will be shared to help you make the most of your Entopia experience.

* Terms & conditions apply.
* Photos & graphics are for illustration purposes only.
* Entopia reserves the right to change, add or delete any terms & conditions herein, without prior notice.

ABOUT ENTOPIA

Imagine nature's largest classroom and discovery hub, where butterflies and insects are free to come out and play. Located in Teluk Bahang, Penang, Entopia combines the beauty of a living garden with immersive indoor learning spaces. Within its 2.7-acre site, visitors can experience a unique blend of natural biodiversity and interactive exhibitions.

FACILITIES OVERVIEW

Entopia is a world-class nature learning destination, featuring the outdoor garden with over 10,000 free-flying butterflies, and over 150 species of fauna and flora are being showcased throughout Entopia's entire exhibition. Inside the indoor exhibition, interactive galleries, discovery spaces, and activity rooms provide immersive learning experiences for visitors of all ages.

Our integrated environment blends nature, education, recreation, and leisure, serving schools, families, corporate groups, and special needs communities.

OUR PRODUCT

At Entopia Learning, we host and guide nature programmes that contain engagement with nature, explore its wonders, experience through hands-on encounters, and enrich themselves to be the voices of nature.

Engage

Active participation through interactive games and programmes that connect minds, hearts, and hands directly with the environment itself.

Experience

Immerse in authentic, hands-on encounters that stimulate the senses and emotional connections, creating lasting memories.

DRIVEN BY OUR

4E

PHILOSOPHY

Explore

Encourage active learning through interactive guided observation and exploration to spark interest in uncovering the beauty of flora and fauna.

Enrich

Inspire environmental stewardship, transform motivation and knowledge into growth and action to cultivate a deeper appreciation for nature.
