

## CONTRIBUTE TO MAKE A DIFFERENCE

Businesses flourish when the society or the environment around them are positive and favourable. That is why, it is very important to encourage sustainable practices on the environment, employers, employees, stakeholders... including the community that the businesses operate in. And that starts with the right mindset, the right education, and the right care for the environment.

Together, let's contribute through Corporate Social Responsibility (CSR) efforts with Entopia Learning to help conserve the wonders of Mother Nature.

## WHAT'S ENTOPIA LEARNING?

It is the mission of Entopia to be a nature learning destination. It envisions to showcase the best of the small wonders to inspire people to reconnect with nature.

As such, various nature learning programmes are offered especially to students and the general public from both local and international regions:

- Kindergarten & Primary School
- Secondary School, College & University
- Organisations & Corporations
- People With Disabilities & Senior Citizens
- Families & Friends

By educating and sharing the love for the ever-evolving natural world through Entopia Learning, we offer a variety of nature learning programmes, workshops, camps, team building programme as well as birthday, anniversary or get-together events, and more!

## WHY ENGAGE IN NATURE LEARNING WITH US?

With almost 20 years of substantial experience and excellent reputation, each of our nature learning programmes contains nature-inspired knowledge and discovery-stimulating modules for continuous learning through the *living classroom*:

Modules customised accordingly to the participants' age group and needs

Informative and intriguing hands-on experience

Facilitated by experienced and passionate Nature Educators

Conducive, learning environment equipped with child-safe and disabled-friendly facilities

Multi-lingual modules in English, Mandarin or Bahasa Malaysia

## HOW TO CONTRIBUTE

Entopia Learning aims to collaborate with organisations and corporations that are like-minded to nurture the community with valuable green-knowledge to help care for the wonders of our Mother Nature. As such, organisations and corporations are most welcomed to engage with us to conduct their Corporate Social Responsibilities (CSR) endeavours through nature-inspired workshops, events and more.
